DESIGN TRENDS

9. The Boutique

The Gold Oyster dish from Grit and Grace Studio is crafted on Sullivan's Island using recycled materials and sustainable production practices. Each piece is painted by hand and features a unique shape, size and coloring.

12. Terra Designs Interiors

The Annabella cocktail table is handcrafted from cast aluminum and thoughtfully detailed with a ginkgo leaf pattern. The polished, modern style would be perfect in a transitional living room, either by itself or as a pair.

10. Lavender Hill Designs

Each piece of Biot glass is one of a kind and handblown by artisans in France. Featuring tiny bubbles unique to the region where the glass is made, these vases are a stunning accessory and make a lovely gift.

11. Encore Reclaimed Lumber & Millwork

Made from salvaged steel and antique reclaimed lumber, the Librarian shelf preserves history in a functional form. The piece can be built to size, with a choice of lumber.
